This Fall, our Scholars resumed in-person learning. Scholar Counselors have begun their campus visits and we are proud to report the achievements from Oliver Scholars Class of 2024 and 2025:

(Choate ‘24)
A member of the Sophomore class is not only succeeding academically but has joined the school step team and is excited to be performing at the pep rally for “Deerfield Day”, where Choate students dress up as their biggest rival in preparation for an all day sporting event!

(Cushing Academy ‘24)
One of our Sophomores is taking all AP classes and garnering straight A’s. Aside from her academic achievements, she’s a star on the Cross Country team and is a member of several other clubs. She is also involved on campus and will be a proctor next year.

(Ethical Culture Fieldston School ‘24)
One of our Juniors wrote a paper for her Spanish class about what the American Dream means to her. It was published in her school’s newspaper.

(Dalton ‘24)
Two of our Scholars recently participated in the production of the play Pippin. One was a featured actress and the other supported the production technology crew.

On November 23rd after an outpouring of requests from the Scholars we resumed Community Service Day! 100 Scholars at various outdoor locations, serving the community they hope to one day change. We applaud the Scholarship, Leadership, and Service efforts of our scholars and are committed to being by their side for the duration of their academic journey!

This important work continues because of the generous support of friends like you! Unlocking opportunities... Changing the lives of our Scholars!
